

2009-10 Hours Verification Form for Individual Projects

Students can earn Honors Service Hours for individual projects in which they participate, provided they have been approved by the HPSO Service Learning Committee through the proposal process.

However, in order to earn credit for such hours, you need to have them verified by the agency supervisor. You can do that either on this form or on letterhead from the agency. Either way, we need the following information:

Volunteer Name _____

Agency _____

Supervisor Name _____ Title _____
