

# Student Assessment of Teaching Summer 2006

Instructor: Quinn, Andrew  
Course: SWK 493A Special Topics

## **Describe some aspects of this course that promoted your learning.**

- SPSS, Clicker Questions, Journal Articles
- Constant paper writings
- Clickers, SPSS, Book, P. Point, Blackboard
- Clicker questions helped me understand the material
- Use of math
- Assignments involving assessment of articles.
- The clickers and the quizzes
- The clicker questions were very helpful
- Clicker questions—timely feedback

## **What specific, practical changes can you recommend that might improve the learning in this course?**

- More examples, homework on computing statistics
- We need homework sheets with problems to learn how to do this math!
- More explanations and detail notes
- Present on articles other than those everyone wrote about
- Spend more time teaching SPSS in lab; Maybe have an open lab after we get done early for students with questions
- More class work
- Nothing @ this time
- Less of the reading articles & more assignments as review
- Better explanation of SPSS assignments
- Explain how to write the papers in the beginning. We didn't know how to write about stats. on the first couple of papers.
- Better organization, homework given for equations & calculations; need to have more practice in reading data in SPSS!!
- More hands-on exercises

## **If a student asked whether you would recommend *this* course from *this* instructor, what would you recommend and why?**

- Yes, because learning material used for this class is beneficial to the student.
- I would say not to take it, I think it's useless and a waste of time
- I will recommend; He did his best.
- Yes, made it fun
- Yes—great teacher, easy to talk to
- Yes, Quinn takes a hard subject and puts sense to it.
- Yeah. Good way to understand stats without too much conflict & hard thought.

- He's easy to get along with & fun
- Yes, because you learn a lot.
- Highly recommend
- Yes
