

**University of North Dakota**  
Student Assessment of Teaching  
Summer 2008

Instructor: Andrew Quinn  
Course: SWK 493A 04691 Special Topics

**Describe some aspects of this course that promoted your learning.**

- The small class size provided enough time to go over questions and review concepts every class period.
- Dr. Quinn is a very smart person and when asked brought some of the material down to layman's terms.
- Connected discussions/assignments to real world situations-made more sense & helped learn material better
- I felt that my questions were valid and Dr. Quinn was always very helpful, he also put difficult concepts into easier terms so I could understand them.
- The direct application to real life-in field experiences

**What specific, practical changes can you recommend that might improve the learning in this course?**

- More assignments to practice recognizing some of the harder concepts
- It was set up very good.
- A little more of what I said in Q 23.
- I would suggest that the use of better overheads or the use of computers in the room (provided there was any in the room).

**If a student asked whether you would recommend this course from this instructor, what would you recommend and why?**

- Yes because he made the class easy and it was well taught.
- I would recommend because he's fair and has a overall good teaching technique.
- Yes, I enjoyed Dr. Quinn teaching and made stats an enjoyable class
- yes-he makes sure everyone understands a concept before moving on and takes the extra time to explain harder concepts.
