Marron is in charge of putting a Powerpoint presentation together to run during the Spring Banquet. If you have photos (digital or otherwise) of recent fieldwork, GGE events or North Dakota geology, please get them to Marron as soon as possible.

Chase is in contact with the Graphics Club on campus. They will be putting together some different ideas for a GGE/AUG/SGE logo to put on t-shirts and other merchandise. If you wish to be involved in this process or have an idea yourself, talk to Chase. It was agreed that whoever designs some ideas should come present them to a Beta Zeta regular meeting.

It was decided that Beta Zeta should have some sort of open house once we become an official organization. If you wish to volunteer for organizing this, contact Matt Belobraydic.

It was noted that dues for the Spring semester only are $8 to National. Initiation fee for new members is now $25 to National. Current members do not have to pay the difference.
