

### **Karew – E-council?**

1. Good Idea
2. I have no problem with the choice, and I think it would be a good idea to make it a position within the group.
3. I think it would be a good position to have, at least in the Bylaws.
4. Definitely no problem with that. I think the department in general needs to have a rep on E-Council. I think that it would be a good official position within the group.
5. I think it is a good idea to have a representative at E-Council meetings, however I don't think it's necessary to add another name to the roster for this position. It would be good to combine AUG/SGE as one representative.
6. Does not need to be official position, just pick someone to do it. 4 officer positions is plenty considering half the members are an officer. Am fine with Karew in this position.
7. No problems. Official position....no
8. sounds good

### **Vice President as Graduate student rep at faculty meetings?**

1. Good Idea
2. I think it is a good idea
3. I think it is a good idea.
4. I think this is a good idea.
5. I think it is good to have a grad student at GGE faculty meetings, but what if the person in the VP position isn't a graduate student? Perhaps this is a position independent of VP.
6. SGE should have a face at faculty meetings. It is not necessary to attend all meetings.
7. Sounds good, maybe doesn't have to go to every meeting, but once a month (not sure how often there is a faculty meeting).
8. Yes do that.
9. sure

### **Online Forum?**

1. I would try to contact SGE National again and then go for it
2. I think it would be extremely beneficial. At the next meeting it should be brought up again and hopefully people will step up and help out.
3. I think this is a good idea.
4. I think this is a great idea. The only hardship I can see with it is keeping it updated from year to year. Anything that helps sponsor communication between other chapters is always a good thing however.
5. It sounds like a great idea. I don't know if our chapter should retain responsibility for the listserv, as our membership oscillates.
6. I think this is a great idea. Would be willing to help contact other chapters, but not sure how helpful I would be on the technical end. If it gets going with a lot of chapters hopefully nationals or a larger chapter could pick it up.

7. Yes but only if we make it a position that receive a small stipend. Because it needs to be a stable position, and will require a significant dedication of time by an individual heading the effort. I suggest \$400/year. Perhaps once it gets going we could supplement it with ad revenue / voluntary donations from other groups (i.e. \$12/yr)
8. I think it would be good to press the national folks a bit more on this - it would be nice to have their support - besides that I think the idea is ok.

### **Deadline for new members?**

1. Yeah we should do that.
2. I think there should definitely be a deadline. I think a month is a fair deadline.
3. I think this is a good idea. I would suggest that new members have to join within the first month of the semester.
4. I think this would be a good idea, as not only would it be something easily advertised for, but like the question states, would help with planning initiation.
5. I don't think a hard date would change things. We just need to give people reasons to join SGE.
6. Don't think that it would help recruiting. People will join if they want to. Need more of an incentive to join (i.e. if we ever plan a trip it would be reduced cost, etc.)
7. um probably yes
8. Good idea, set a date.
